In re Application of  
Haihong Zheng, et. al.  
Application No. 09/834,877  
Filed: April 16, 2001  
For: **METHOD AND APPARATUS FOR  
EFFICIENT ROUTING OF MOBILE  
NODE PACKETS**

DECISION ON PETITION

This is a decision on the petition filed on March 2, 2005, requesting a complete copy of the Office communication mailed on January 4, 2005.

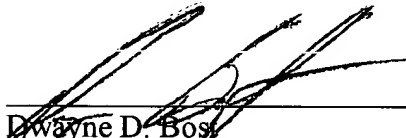

Petitioner states that the non-final Office action mailed on January 4, 2005, was deficient in that page 2 of the Office action was missing.

MPEP §710.06 [R-2] Situations When Reply Period Is Reset or Restarted, states in part:

Where the citation of a reference is incorrect or an Office action contains some other defect and this error is called to the attention of the Office within 1 month of the mail date of the action, the Office will restart the previously set period for reply to run from the date the error is corrected, if requested to do so by applicant. If the error is brought to the attention of the Office within the period for reply set in the Office action but more than 1 month after the date of the Office action, the Office will set a new period for reply, if requested to do so by the applicant, to substantially equal the time remaining in the reply period. For example, if the error is brought to the attention of the Office 5 weeks after mailing the action, then the Office would set a new 2-month period for reply. The new period for reply must be at least 1 month and would run from the date the error is corrected. See MPEP § 707.05(g) for the manner of correcting the record where there has been an erroneous citation.

Applicants' petition satisfies the requirements set forth above. However, a review of the record reveals that the non-final Office action was in fact re-mailed on April 22, 2005.

Accordingly, the petition is **Dismissed as moot.**
